If you want to be successful, double your failure rate.

To help you remember the names of the lines of the treble staff you can remember the simple saying “**E**very **G**ood **B**oy **D**eserves **F**udge.” Starting at the bottom of the staff and moving toward the top, the lines are **E G B D F**.

To remember the names of the spaces, again starting at the bottom of the staff, just remember the word “**F A C E**.”

There are other sentences that may help you, such as: “Ernie Gave Burt Dead Frogs” or “Elvis’ Guitar Broke Down Friday.” You may even want to create your own sentence.

Notes are placed on the lines and spaces of the staff and identified by the letter names of the staff.

Write the letter name below each note to match the line or space it is on.
